

RACOIL GEAR OIL 80W-90 GL-5

is a high-performance gear lubricant formulated from select base oils and an advanced additive system. It can be used for on-highway light- and heavy-duty trucks, buses, vans and cars. RACOIL 80W/90 provides increased protection and lubrication of the gearbox and the transaxle over a wide temperature range.

RACOIL GEAR OIL 85W-140 GL-5

is a high-performance gear lubricant formulated from select base oils and an advanced additive system. Thanks to its special formula provides effective protection against corrosion may occur in severe operating conditions. Suitable for differentials and transaxles of vans, trucks, and buses.

RACOIL GEAR OIL 80W- 90 GL-4

is special gear oil which is formulated with superior additives and mineral base oils derived from modern refining. Have been developed to be used in gearboxes of cars and commercial vehicles.

RACOIL GEAR OIL 85W- 140 GL-4

is high performance, heavy duty gear lubricants formulated from high quality base oils and an advanced additive system. Have been developed to be used in gearboxes of passenger cars, on highway light and heavy duty trucks, and commercial vehicles.

RACOIL ATF- II,III

is prepared with high-quality refined base oils and advanced additives. Automatic or semi-automatic transmissions and torque converters of passenger cars, light commercial vehicles and industrial vehicles, when the manufacturer requires an ATF (Automatic Transmission Fluid) GM DEXRON II and Ford Mercon. It is recommended to use as hydraulic oil in some business machines.

RACOIL HYDRO ISO 32/46/68

is high quality hydraulic oils which formulated with quality base oils and oxidation, corrosion and rust inhibitors additives. It is recommended to use in many industrial and mobile hydraulic systems.

RACOIL HYDRO SUPER 68/46

is high quality hydraulic oils which formulated with quality base oils and oxidation, corrosion and rust inhibitors additives. It is recommended to use in many industrial and mobile hydraulic systems.

RACOIL TRANSMISSION 10-W

designed for use in off-road applications, where a high degree of static friction is required. This multifunctional fluid can be used throughout the drivetrain and hydraulics, in a wide range of machinery.

RACOIL CALCIUM GREASE

is a water resistant multi-purpose calcium grease containing fibers, formulated with good quality base oils and high performance additives. It is recommended for low or medium rpm engines equipped with flat or ball bearings where operating temperature not exceeding 70 °C.

RACOIL LITHIUM GREASE

is lithium soap grease formulated with superior quality base oils and additives, used for a wide range of purposes in various industries. It is recommended for the wheel ball bearings and central lubrication systems of automobiles, commercial vehicles, sports utility vehicles, agricultural machines and heavy duty machines not used at extremely heavy loads or extremely high temperatures. It can also be safely used in ball bearings of electric motors

New Generation

High Performance Motor Oils & Lubricants

RACOIL 5W-30 SYNTHETIC OIL

is motor oil formulated with synthetic oils developed by aiming superior protection and excellent fluidity. Developed to be used for gasoline and diesel-powered motors of passenger and commercial vehicles. Can be used reliably for small commercial vehicles such as automobiles, vans, mini vans.

RACOIL EXTRA 20W-50 SL/CF

motor oil produced by blending high quality base oils and high-performance additives. This motor oil can be used throughout the year as it provides active performance on all gasoline and LPG-powered vehicles as well as passenger and commercial diesel motors used commonly in city traffic. Its detergent, dispersant and anti-foam additive contents keep the motor clean for a long time and prevent sediment and deposit formation.

RACOIL IOW-30 SL,SN /CF

is semi-synthetic engine oil recommended for use especially in Ford transit , Connect vehicles and other light commercial vehicles.

RACOIL EXTRA 15W-40 CF/CH/CI4

is super high performance diesel engine oil which has been developed for use in next-generation heavy duty diesel engines can be safely used four seasons. It is formulated with high quality base oils by adding superior performance additives. It is recommended for use in heavy duty vehicles and construction equipment of diesel engines with or without turbocharger.

RACOIL 20W-40 CF/CH/CI 4

is manufactured with high quality mineral base oils and advanced performance additives for cars and light commercial vehicles working by diesel fuel which can be used confidence in all four seasons. It is suitable for working under particularly difficult conditions and frequently stops and goes live vehicles. Also safely used for lubrication in light trucks, minibuses, vans, other four-stroke engines.

RACOIL 15W-50 CF-4

is motor oil formulated with synthetic oils developed by aiming superior protection and excellent fluidity. Developed to be used for gasoline and diesel-powered motors of passenger and commercial vehicles. Can be used reliably for small commercial vehicles such as automobiles, vans, mini vans.

RACOIL EXTRA 15W-40 CI-4 PLUS

is motor oil formulated with synthetic oils developed by aiming superior protection and excellent fluidity. Developed to be used for gasoline and diesel-powered motors of passenger and commercial vehicles. Can be used reliably for small commercial vehicles such as automobiles, vans, mini vans.

RACOIL EXTRA 15W-40 CI-4

is motor oil formulated with synthetic oils developed by aiming superior protection and excellent fluidity. Developed to be used for gasoline and diesel-powered motors of passenger and commercial vehicles. Can be used reliably for small commercial vehicles such as automobiles, vans, mini vans.

RACOIL 4T 20W-50 SL CF

RACOIL 4T 20W-50 SL/CF is a high-performance, multigrade engine oil specially formulated for four-stroke motorcycles and small engine applications. Engineered to deliver superior protection, smooth operation, and enhanced engine life, this grade offers excellent performance across a wide range of temperatures.

RACOIL 4T IOW-30 SL CF

RACOIL 4T 10W-30 SL/CF is a premium quality, multigrade engine oil specially engineered for four-stroke motorcycles and light engine applications. Designed to deliver smooth performance, excellent protection, and reliable operation, this oil is perfect for riders seeking consistent performance in varied riding conditions.

RACOIL 4T IOW-40 SM CF

RACOIL 4T 10W-40 SM/CF is a high-performance, multigrade engine oil engineered for four-stroke motorcycles, scooters, and light engine applications. Designed to deliver excellent protection, responsive performance, and reliable durability, this formulation ensures your engine runs smoother and lasts longer under varied riding conditions.

RACOIL EXTRA 15W-40 CF/CH/CI4

RACOIL EXTRA 15W-40 CH-4

is motor oil formulated with excellent quality Mineral oils developed by aiming superior protection and excellent fluidity. Developed to be used for gasoline and diesel-powered motors of passenger and commercial vehicles. Can be used reliably for small commercial vehicles such as automobiles, vans, mini vans.

RACOIL PSO 20W-40 SG,CD

Extreme Pressure Transmission Oil designed for rear axles, providing excellent frictional properties and protection against rust, oxidation, and wear.

RACOIL INDUSTRIAL OIL'S

The comprehensive product range caters to industrial applications like gears, compressors, turbines, journal bearings, hydraulics, spindles, etc. The major products in the lubricating oils category are servomesh series for gear applications; servoprime series for turbine applications; servopress series for compressor applications, etc.

RACOIL UTTO IOW-30 CI-4

UTTO is a "long drain" oil intended for lubrication of gears, Power-Shift transmissions, wet brakes and hydraulic systems of agricultural off-road machines and newer generations of tractors.
